### **REASONS FOR ALLOWANCE**

1. This Office Action is responsive to the Amendment filed on 3/17/05.
2. Claims 1, 3-14, 16 and 19-22 are allowed.
3. The following is an examiner's statement of reasons for allowance:

References (5,953,369) and (6,084,932) are additionally cited because they are pertinent to the claimed invention.

-Regarding to independent claims 1 and 2, none of prior art of record teaches or suggests a receiver as claimed. Reference Lomp et al (6,215,778), previously cited, at least fails to teach a system wherein the system comprises a first channel of a plural channels producing a clock signal, and another channel of said plural channels being controlled by the clock signal produced by the first channel, in associations and combinations with other limitations recited in the claims, with reasons set forth on pages 7-10 in REMARKS of the Amendment filed on 3/17/5. It would not have been obvious for one skilled in the art to implement Lomp et al in view of other prior art of record in order to make such an implementation leading to the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
